Summary: During the Kyubi Attack Minato Namikaze and Kushina Uzumaki were forced to seal the Kyubi into their only son, Naruto Uzumaki. During the sealing they made ONE mistake in the sealing formula. This changed Naruto's destiny forever, because not only did it cause Naruto's chakra coils to rupture and his chakra points to disintegrate it also pulled six beings from the two Marvel and DC Multiverses into the seal with the Kyubi...

Warning: Chakra-less Naruto. Non-Shinobi Naruto. Super Powered Naruto. God-Like Naruto. Genius Naruto. Naruto will look different due to the beings inside him that changed his DNA. So if you don't like OP Naruto fics, you won't like this one. This is definitely an Alternate Universe.

Pairing undecided. Naruto will not be with Hinata or Sakura for sure, it might even be an OC he gets with, she might not even be FROM the Naruto Universe... You guys give suggestions on who he should get with.

Rated M for: Violence, Gore, Language, Torture, Rape, Child Abuse, War Crimes, Demonic Possession, Etc., Etc.

Disclaimer: Naruto belongs to Masashi Kishimoto, any character from Marvel and DC belongs to their respective owners.

Author's Note: I have read probably hundreds of Naruto fanfictions both normal and crossovers, but I haven't really read one like this. Most author's will either give him powers from either his own universe or from another Manga one. This idea came to me from DC Universe Online, Marvel/DC Comics, several fanfictions, and the idle thought 'what if Naruto didn't have chakra...' Growing up comic book heroes were my childhood, I didn't get into Manga/Anime until I was around thirteen years old. So as much as I love anime, comics will always have a special place in my heart.

On a side note. I'm so sorry I'm late on the Chronicles of Bjorn. Both I and Reichenfaust are busy at different times and so with that series I am taking a step back to finalize the massive outline we have planned and start posting again when we are ready.

Prologue: A Useless Weapon

Blood red eyes with slitted pupils like a cat look down at a blonde haired infant baby. Hatred and bloodlust ooze from those eyes. These eyes belong to the Kyubi no Yoko, a monstrous orange fox with nine tails swishing behind it, and it was beyond angry. It was being tied down with chains and it knew what was next...it was going to be sealed, AGAIN.

"**I will NOT be sealed again!" **

It roars down at the two people beside the baby. One is a man with spiky blonde hair, tan skin, and blue eyes, he wore a white haori with the words Fourth Hokage written on the back in kanji, this was Minato Namikaze, the Yellow Flash of Konoha. The other is a woman with long red hair, pale skin, and violet eyes, this was Kushina Uzumaki, The Red Hot Habanero. Minato had just sealed half of the Kyubi into himself with Reaper Death Seal. He could feel the Shinigami breathing on the back of his neck. Death was imminent. He hurriedly went to his son and began writing a Sealing Formula on his son's stomach. His wife helped him as best she could. Her ragged breathing from having the Kyubi ripped from her told him she didn't have long either. No words spoken or tears shed.

One wrong brush stroke is what changes how this story goes. In their haste they didn't notice the mistake.

A loud SNAP rings through the air behind them just as they finish. Both parents turn to see a massive clawed hand headed right for their child! On instinct both of them shield their son with their bodies. A massive claw pierces through them and stops inches from their son.

Soft last words are spoken from parents to child. Tears fall from their eyes onto his sleeping face.

"Do it Minato, I love you! Naruto."

"Eight Trigram Seal!"

Their bodies collapse beside him as he starts to cry in pain.

-Inside the Seal-

Those same crimson eyes look out through golden bars. Pure loathing seeps from them, but also fear. They observe the seal, which for some reason looks like a sewerâ€¦something isn't right.

"**Stupid humansâ€¦ what have they done? My chakraâ€¦it's siphoning off in enormous amounts. The Brat won't be able to hand-"**

Suddenly the sewer like seal begins to shake violently, cracks begin to appear in the walls.**"â€¦ What's happening?! Hmm let me checkâ€¦.NO! The Brat's body is failing, my chakra is destroying his coils and network!" **

'_**What do I do? I can't push more chakra into the seal that will only make it worse.' **_

Suddenly sparks crackle behind the Fox. It turns to a segment of the wall behind it with exposed wires and pipes.

'_**That is the physical manifestation of what is wrong with the seal, perhapsâ€¦if I push all the chakra I can into that maybe the seal will fix itselfâ€¦that sounds ridiculous but it's the only option I got besides that painful reforming crapâ€¦*shivers*â€¦ well here goes nothing.' **_

The Fox began to pump all the chakra it could into the seal fragment. The walls start to pulse in response, seeing as it seems to be working the Fox keeps pushing the chakra into the mistake, what happened next nobody could have predicted. Six pillars of light appear in the seal and six individuals fall out of them. They groggily get to their feet and look around.

"_**Okâ€¦what the hell, who are these humans? And what's with the spandex?" **_

Six pairs of eyes meet the Fox's crimson gaze after it spoke. None of them flinched or even seemed afraid. Odd. The seal began pulsing again bringing the fox out of its staring contest.

"_**Shit! Do any of you have any way to help me keep this Brat from dying, I'll explain it afterwordâ€¦" **_

-Outside the seal-

Hiruzen Sarutobi, The Third Hokage, God of Shinobi, was afraid, he watched the doctor's work on the newborn child Naruto. The newborn shouldn't be alive with the damage he sustained. His Chakra coils had collapsed and ruptured, while his chakra points and even his chakra network were GONE. His heart was slowing as it desperately tried to keep him alive. The damaged. No... DESTROYED chakra network had caused internal damage all over his body. His organs were failing. Something had gone terribly wrong with the seal. That much was certain. If something didn't happen soon child was going to die.

The sound of a tiny heart going flat line echoes through the hospital. The doctor's and Hiruzen look on helplessly as the tiny body goes motionless.

"â€¦call itâ€¦ Naruto Uzumakiâ€¦. time of death."

That was as far as the lead doctor got before light and energy

erupted from the infants body, lightning and pure power radiates from him. It recedes to reveal the infant slowly changing. His hair goes from blonde to red to brown to black, then stops on a light brown/dirty blonde with a reddish tint. His skin takes on a slightly lighter with a bronze tint to it which make his whisker-like birth marks stand out more. His eyes change from sky blue to brown, to green to hazel then to finally a bright silver.

Hiruzen steps toward the child cautiously, suddenly a loud wail splits the night as doctors rush to the baby's side. The lead doctor checks for vitals and chakra output. After checking thoroughly and carefully he turns to the Hokage. "He is gonna make it Lord Hokage howeverâ€|"

"Yes..?" Hiruzen questioned impatiently

"He has zero chakra outputâ€|His coils have shrunk considerably and his network is justâ€| gone."

A cold shiver went up Hiruzen's spine. "You meanâ€|he will never be able to use chakraâ€|or be a Shinobi?"

"â€|Yesâ€|this child will never be a Shinobi."

They both stood in silence as the nurses and doctors tended to Naruto.

-Inside the Seal-

"_**Alright I appreciate you helping meâ€|now who are you exactly?"
**_

The Fox says as he looks down at the six individuals sealed with himâ€|

Author's Note: I'll let you guys figure out who these mysterious individuals are. There won't be much of the crossover in the actual story which is why it is in the Naruto only category.

Disclaimer: Naruto belongs to Masashi Kishimoto and anyone from Marvel and DC belongs to their respective owners.

Author's Note: Holy crapâ€| as I write this I can see that this story has 17 favorites and 27 follows in a single dayâ€|I did NOT anticipate thatâ€| I really appreciate it though. It also shows that I have 3 reviews for this story, but for some reason I cannot read them. I go to the reviews and it tells me I don't have anyâ€|no idea what is up with that, so you might need to PM meâ€| Oh! Before I forget, the six beings inside Naruto will not be revealed this chapter, so you will still have to guess who they are. Also I will say so again, this story will NOT be NaruHina OR NaruSaku for the pairing.

Warning: This chapter is kind of really darkâ€|but it's important.

Chapter 1: Voices, Pain, andâ€|Ghost!

Naruto's POV (3rd Person)

'Demon'

'Monster'

'Trash'

For most of his short seven year old life, Naruto Uzumaki thought the voices he heard weren't realâ€|Hokage-Jiji couldn't hear themâ€| Most of the time he heard them when someone was giving him THAT look, or when they would hit him on the streets or in the orphanage, it didn't matter where he was at the time. The villagers would hurt himâ€| especially around his birthday. They would spit and pee on him after they would make him bleedâ€|

'Demon Brat'

Or

'Waste of Skin'

He didn't understand why they called him stuff that, He didn't understand why they would beat him, or evenâ€|HOW he heard them calling him that, when he heard them the people giving him that look weren't talking they were usually screaming at him to die.., also when he heard them they sounded almostâ€|echoed. He had heard the voices all his life, like the caretaker at the orphanage who had threw him out this morning, she said that he should burn in hell and that he was a monsterâ€| Nowhere else to go, Naruto went to one the few people he actually trust. Hokage-Jiji. He resisted the urge to flinch as the secretary gave him the lookâ€|

"Jiji!" Naruto yelled as burst into the officeâ€| Jiji dropped his pipe and weird orange book he was always reading as he jumped from his seat. He spun around to see that he had been startled by a very familiar young boy.

"Oh hello Naruto-Kun, how are you today?"

"â€|Not that good Jijiâ€|"

"Oh? What happened?"

"I got kicked out of the orphanageâ€|"

"â€|..**WHAT?! **_"

"Yeahâ€|"

"Naruto-Kun, tell me everything."

Naruto told him everything that happened to him THAT day. Hiruzen Sarutobi put his face in his hands and sighed.

'I'm sorry Minato and Kushina.'

Naruto put that information away for later. 'That seems important but right now I need to find a new place to live. Maybe the voices are actually a good thing.'

Hiruzen's POV (3rd Person)

"So Jiji where am I gonna live now?"

The Third Hokage snapped out of his remorseful thoughts and replied.

"We are gonna go find you an apartment Naruto-kun and then I will set it up for you to receive a weekly stipend so that you can buy food and the like, don't worry about the rent, utilities or electricity I will cover that for you, but first how about some Raman?"

"YES! Raman!"

Hiruzen smirks at the young boy's reaction. 'He's so much like his mother...'

The boy suddenly froze with a serious expression on his face.

Hiruzen sweat drops at the sudden change. '..And yet he can be so focused like his father...'

Naruto's POV (3rd Person)

Naruto stares at Hiruzen with curiosity.

'So he does know who my parents areâ€|why did he tell me he didn't?'

Feeling a prick of betrayal he considers asking himâ€|but then thinks about itâ€|

'There has to be some reason why he won't tell meâ€|'

Despite what some people may think, Naruto was not stupid, in fact he was very intelligent.

'I bet it has something to do with why the people call me those namesâ€|or they were powerful Shinobi and Kunoichi in their timeâ€|or possibly both.'

Thinking better of it he ask

"So are we going to Ichiraku's Jiji?"

Hiruzen's POV (3rd Person)

"That is correct Naruto-kun, now shall we go?"

Naruto flashes him a smile, a real one not the fake one he gives the villagers. Hiruzen's heart aches at that... a child shouldn't have to wear a fake smile. A child shouldn't have to fear being hunted down like an animal and beaten regularlyâ€| DAMN the civilian council.

"YEAH! Let's go Jiji!" He bolts out the door, leaving the aging Kage behind.

Hiruzen sighs. He thinks about how the hyper child will react when he tells him he will never be a Shinobi. It's not that he didn't have the drive or intelligence, it was the not so simple fact that Naruto could not use chakra at all. In fact his body did not even produce chakra anymore and even civilians had chakra. Naruto did not... It was puzzling to say the least, because he should be dead otherwise. There was another child with a similar problem to Naruto and that was Rock Lee. Lee was born with a genetic defect that made him unable to use Genjutsu or Ninjutsu. However that is where the similarities end, Lee was at least able to produce chakra...

'I better catch up to the little terror before I lose him again.' With that Hiruzen Body Flickers out his office, picks Naruto up by the scruff of his neck then appears in front of Ichiraku's.

"No fair Jiji..." Naruto pouts

Hiruzen smirks down at the child, "Come on Naruto let's eat." They both duck into the Raman stand. Hiruzen gives a quick glance at the child as he orders a Miso Raman from the kind Raman chef.

Another strange thing is the fact that Naruto doesn't look like either of his parents in appearance, he's lighter than Minato but darker than Kushina and he has an almost bronze or brass tint to his skin. His eyes are neither blue nor violet but an almost iridescent silver. His hair was like the color of autumn leaves, it was a mixture of blonde, brown, and red how odd. Not to mention his unique birth marks

Hiruzen watches the child eat with an almost zealous glee. His thoughts go back to the night of Naruto's birth that incredible power that came from his small body. No that was most certainly not chakra it wasn't even nature energy it was something else. Well whatever it was hadn't showed itself after that although there was the voices his thoughts were interrupted by the child poking his arm to get his attention.

"Yes Naruto-kun?"

"Shouldn't we heading to the apartment Jiji? We've been here for two hours"

"Oh! I'm sorry my boy I was lost in thought and time got away from me. Let's head there now."

Hiruzen pays for their meal, and cries a little inside at how much Naruto ate... Naruto waves goodbye to the Raman Chef Teuchi Ichiraku and his daughter Ayame Ichiraku.

"Should we go get your stuff from the orphanage Naruto-kun?" He says as he looks at Naruto's tattered clothes.

Naruto looks away not willing to meet his eyes. "There isn't anything there, the caretaker set my stuff on fire after she threw me out she told me that a monster didn't deserve to be around other normal kids and that I should live outside like the beast I am I'm not a monster. Right. Jiji?" Naruto says in a shaky voice.

Hiruzen's heart aches at the question. "No. Naruto-Kun, you are NOT a monster." He replies honestly. Hiruzen's blood boils in pure angerâ€|oh that caretaker will pay. Dearly.

Naruto's hands clench into fist, his knuckles turn white. "â€|Then _**why **_do theyâ€|?"

Hiruzen grabs both of Naruto's shoulders. "Look at me Naruto."

Naruto looks up at his grandfather figure, tears just behind his silver eyes.

"â€|People fear what they don't understandâ€|and that fear turns into a blind hate. I cannot tell you now, but I promise you I will tell you. All of it when you are ready. You are still a child no matter what they may think." 'I don't you to face that burden just yet...'

He hugs his surrogate grandson. They remain like that for a few minutes.

"Okay Jijiâ€|" Naruto says softly.

"Alright â€|lets go get you some necessities for your apartment."

-That Night-

Naruto's POV (3rd Person)

Naruto looks around his kind of new apartment. It was in the middle of the red-light district. It wasn't the worst him and Jiji had seen, but it wasn't the best either. At least the land lord and land lady didn't seem to hate himâ€|he didn't hear any 'voice' from them if they did. For some reason he could only hear the voices sometimesâ€|like when people sounded madâ€|or sad. Naruto shook himself from that line of thought. He smiles as he looks at his new clothes, food, and bed that Jiji had bought him. He looks down at the orange pajamas Jiji gave himâ€| they made him feel safeâ€| He checks the locks on his door, then heads to the bathroom to use the bathroom and brush his teeth before bed. While brushing his teeth he begins to think about the future.

'I'll be able to join the academy this yearâ€| but what do I wanna doâ€|after thatâ€|?'

An image of Jiji in his Hokage robes flashes through his mind.

'Could I really beâ€|the Hokage?'

Now a memory of three villagers beating him into the groundâ€|Naruto shiversâ€| That was a bad one, he was fiveâ€| what was worse was that almost all the times, some of those shinobi with the white animal mask were just watching it happenâ€| until a certain one with a dog mask and weird silvery white spiky hair saved him and killed the villagersâ€| which only made the villagers hate him moreâ€| not that he wasn't grateful. He could still remember hearing the dog masked

one cursing the others out and saying he was gonna tell Jiji. He never saw those ones again after thatâ€¦

He turns off the light and crawls into bed. His eyes start to close. 'That was the past, I can't change it no matter how much I wish I couldâ€¦perhaps with this new apartmentâ€¦it's starting to get betterâ€¦ I hope.' With that the young boy fell asleep.

Naruto's eyes snap open to an intense feeling ofâ€¦bloodlust. The only thing he sees is a white mask before his vision goes black.

Naruto's is groggily awoken to complete darkness by pain, especially in his mouth and throat. Why can't he move his arms and legs? He tried assess the situation as best he could. He was blindfolded, and tied to somethingâ€¦woodenâ€¦a tree? His arms, legs, and torso were tied to a tree with â€¦wire.

Before he can really contemplate what is exactly going on, a fist smashes into his face, hard. His neck cracks from the blow and he was sure he lost some teeth as blood and spit flew out of his mouth.

"Hn. Looks like the Beast is awake."

Rough hands yank the blindfold down to reveal five people wearing white animal mask. The one holding the blindfold was wearing a Tiger mask, the others was wearing Boar, Monkey, Owl, and Snake. The ones wearing the Monkey and Owl mask appeared to be women. The only things he could tell about them were that the one with the Tiger mask had black hair, Boar and Monkey both had brown, Owl had grey, and Snake had blonde. Naruto shivered at the voices he was hearing from themâ€¦they all saidâ€¦

'Kill'

"Now let's get started before anyone notices you are missing Fox." The Tiger one said as he drew his tanto. The others followed suit with large thin serrated blades of some kind.

The Tiger masked shinobi presses the blade up against Naruto's throat. "I could kill you with so much... ease, separate your head from your shouldersâ€¦rips your heart from your still warm corpse... but where would the fun be in that?, so... don't make this boring for me nowâ€¦Demon Brat." With that said he quickly slashes the child across the arm with the tanto. Blood sprays as Naruto tries to scream in painâ€¦but finds that he can't all that comes out is an unintelligible croak. Tiger chuckles at the child.

"Can't scream? I don't imagine you would be able toâ€¦since I cut out your tongue and crushed your voice box. No. You won't be making any more noise."

Terror gripped Naruto at those words. 'They are going to kill meâ€¦'

Tiger snaps his fingers and Naruto's world erupts into agony. The four other Anbu pierce Naruto's body in the hands and shoulders with their weapons. They pierce through his body and pin him to the tree he is tied to. Tiger undoes the wire holding Naruto's body in place

and he is held suspended by the blades. Tiger begins going through hand signs as he looks into Naruto's eyes. Eye's that Naruto will never forget glare back into his own. Blood red eyes with three tomoe in them. The Sharingan. The eyes of the Uchiha Clan. As he lands on the last hand seal Tiger whispers

"Fire Release: Fireball"

Naruto's entire being is engulfed in a massive fireball. His body burns as the tree behind him catches ablaze.

Through the unimaginable pain he thinks helplessly

'I'm actually dyingâ€¦ maybe this is for the bestâ€¦ NO! Jiji wouldn't want me to give up. Neither would Big Sis Ayame and Old Man Teuchiâ€¦ But what can I do?!'

He struggles against the blades pinning him down, his skin begins to melt away.

'I can't do anythingâ€¦'

Voices begin screaming INSIDE his head to not give upâ€¦ seven voices he doesn't know.

'_**DON'T BACK DOWN. DON'T GIVE UP. FIGHT. FIGHT! '**_

Naruto grits his teeth. He pushes. Harder. He can feel the metal bending. He glares at his murderers. He hears five gasp of surprise and fear. Rage builds in his soul and with a silent roar the landscape explodes.

The last thing the ANBU hear before the energy consumes them is not a vocal scream but a mental one _**'I WILL NOT DIE LIKE THIS!' **_that reverberates within their very souls. What had they awoken?

All that is left after the explosion is a massive crater, with a collapsed child in the middle of it. Blood pools around the child. His eye struggle to stay open. As his vision goes blurry he sees a women kneel over him. All he can make out is the color red.

He hears a kind female voice say "I'm so proud of you."

On an instinctual level his heart knows who this isâ€¦ the only he can think is '...Mom?' before he falls unconscious.

-Meanwhile inside the Seal-

Blood red catlike eyes open.

"**Wellâ€¦ It looks like our Jailor is finally coming to pay us a visit." **

Author's Note: Alright Chapter 1 Down. Let me know what guys think by either reviewing or PM. Don't forget to guess on who 'the six' are.
